
Equipment as a Service (EaaS)

MBO CoBo-Stack

Technical specifications

Stack height		60 mm – 150 mm
Stack weight	max.	6 kg
Stacks per hour	max.	300
Stacking height on pallet	max.	1,400 mm
Gripper M		(or on request)
CoBo-Stack adjustable left and right		

Monthly fixed amount of €2,500 incl. 15,000 free strokes per month –
Additional variable amount of €0.10 per hub from the 15,001 hub.

- Including annual (mandatory) maintenance
- Including installation and training
- 18 months minimum term, if the contract is not cancelled 3 months before the end of the 18 months, the contract is automatically extended by 12 months.
- If the CoBo-Stack is cancelled, regardless of when, but at the earliest at the end of the minimum term, 80% of the amounts already paid will be credited to the purchase price of €99,000 offered here.
- If necessary, an A80 delivery can be included in the package for an additional charge.
- Note: The CoBo-Stack establishes a constant connection to MBO via a factory-installed LTE module, thus ensuring, among other things, the proper transmission of the strokes performed.
- Collection and transport fee of €1,500 for return collection at the end of the term

Functionality is guaranteed for the duration of the CoBo-Stack, MBO reserves the right to decide which model of CoBo-Stack is provided.
Errors, misprints and technical changes excepted.
